The symbol of a diving falcon was used as a mark of kinship by Rurik and his descendants, throughout the early Russian principalities from the 9thC and 10thC. This example belonged to Prince Yaroslav(1054) son of Vladimir(1015) son of Svyatoslav(972) Great Prince of Kiev.

15th Historical Convention is a member of the Australian Living History Federation Inc (ALHF)
