27 May, 1988

WOLFS HEAD

GRAXLAND NSW 2774

At the Fourth Medieval Warriors Conference, which was held at Castle Mountain at Easter 1987, it was decided that the proposal made by the AAF to host the Fifth Medieval Warriors Conference in 1989 should be accepted.

With less than 10 months remaining until Easter 89 and 15 months of silence from the AAF in regard to conference details the New Varangian Guard Inc. (Melbourne) propose to organise an event for the 1989 Easter holiday period unless definite and detailed proposals are received, by all clubs, from the AAF, by the 15th of June 1988.

If the AAF is unable or unwilling to provide conference details by the 15th June the New Varangian Guard (Melbourne) will provide to all clubs a comprehensive outline of the event we propose to hold. If we have to go ahead with the event we would intend to designate it the Fifth Medieval Warriors Conference.

The New Varangian Guard (Melbourne) feels that it is essential for the continued development of a National Movement that the conference take place as scheduled.

This letter is being sent to the clubs and individuals listed below with the request that they circulate it as widely as possible. Anyone who would like to be included in further correspondence should contact us at the above address.
